

BDX - Spindle Flap Wheels Spindle Flap Wheels Norton-BDX-50x20x6mm SK(C)#240

Artical Number: 63642546724

EAN:

Description

Designed to deliver a consistent finish with a uniform rate of cut, flap wheels have a continual rate of wear which exposes new abrasive. Their construction also makes them ideal for sanding contours and uneven surfaces.

Features & Benefits

A universal product which achieves a good finish on steel and stainless steel

The slotted flaps improve flexibility and ease of use, conforming easily to contours and hard to reach areas

The aluminium oxide grain provides an aggressive cut yet long product life

Good cut rate on low-pressure finishing operations with ability to leave a very good finish

Application Data

Material Application: NON-FERROUS
Machine: Straight grinder
Process: Sanding

Safety Equipments:

Technical Data

Marketing CAP:	R207PLUS	Arbor Hole:	
Backing Material:	Heavy Cotton X	Diameter:	50 mm
Grit:	240	Width:	20 mm
Color:	Ruby		
Coated Shape:	Flap Wheels	Maximum Operating Speed (RPM):	
Coated Sub-Shape:	Flap wheel, spindle		
Spindle Type:	6mm SK(C)	Shape:
