

Norton Pro Self Grip Sanding Discs Discs Selfgrip Norton-Norton Pro-76#400

Artical Number: 63642585169

EAN:

Description

The unique properties of Norton Pro sanding discs provide a fast, cool cut rate with no clogging, resulting in a longer lasting product, and an outstanding result compared to competitor products. The special No-Fil coating prevents the build-up of dust and premature clogging of the disc. In very fine grits it can be used for final dry sanding operations before spraying without any risks of runs.

Features & Benefits

Heat-treated high performance aluminium oxide grain provides Norton Pro with a fast cut rate and a consistent, uniform scratch pattern

Discs are flexible and tear resistant due to their fibre-reinforced latex paper backing

The No-Fil® layer is added to resist loading and is pigment-free, which eliminates the risk of colour transfer to the surface

MOUNTING: Norton Pro discs are for use on orbital sanders with 150mm and 203mm back-up pads. For detailed information see page 74-75.

Application Data

Material Application: PAINT & VARNISH
Machine: Orbital Sander
Process: Sanding
